Value each activity/task/behavior by the amount of spaces you feel they're worth!

(Base these space amounts on the age and/or ability of the child to complete the task.)

As the child lands on or passes the 3 special locations:

The Birdhouse • The Watering Can • The Wheel Barrow

reward the child with some sort of small incentive (stickers/pencils/computer time).

When the child gets To The Moon...

they should be rewarded with a bigger incentive...something worth celebrating!!

Now they can start again. Yahooooooooooooooooo!!
