|  <p>Household Chores</p>                   |   |  <p>Extra Credit</p>                                  |

**Total Possible Points Earned Daily: 11**

How to Calculate Moves:  $\text{Points Earned} \div \text{Total Possible Points} = \text{Percentage}$

Example:  $9 \text{ Points Earned} \div 11 \text{ Total Possible Points} = 82\%$

80 - 89% = 1 Move Ahead

90 - 99% = 2 Moves Ahead

100% = 3 Moves Ahead
